DOCTORS GAVE HER UP

Mrs. Stuart Finally Saved By Lydia E. Pinkham's Vegetable Compound—Her Story Interesting.

Elmo, Mo.—“I think your Vegetable Compound is wonderful for it has helped me. I had four doctors and they said I had female troubles and a tumor and nothing but an operation would help me. I could not sit still long enough to eat, and could sleep hardly any I was in so much misery with pains in my side and back.”

“A year ago last spring my doctor gave me up, and he was surprised to see me this spring and to see my condition. I give Lydia E. Pinkham's Vegetable Compound the praise wherever I go for I know I would not be here today or have our fine baby boy if I had not taken it.”
—Mrs. SARAH J. STUART, R.F.D. No. 2, Box 16, Elmo, Mo.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Cable News ROOSEVELT HITS BACK

(Associated Press Cable)

ST. JOHNSBURY, Vermont, August 30.—Theodore Roosevelt once more showed that he still possesses the power to strike back. In an address delivered before a packed house here tonight he scathingly attacked Senator Penrose and J. D. Archbold of the Standard Oil Company, asserting that they were making charges which could not be substantiated and added “the Lord has delivered them into my hands.”

During the address he paid his respects to the administration of President Taft, with right hand swings that drew a yell from the crowd. He ignored the results of the Michigan primaries.

Over-Night Wireless To the Advertiser

Mrs. Henry H. Rogers, wife of the late vice-president of the Standard Oil Company, died suddenly in a dining car in the Grand Central station at the conclusion of a journey from Britton Woods, New Hampshire, to her home in New York.

A commission is examining the record of Capt. Ronald Amundsen's South Pole expedition and will shortly publish its report. It is stated that there is possibly a slight error in the captain's calculations but that there is no doubt that he got within a quarter of a mile of the South Pole.

New vaccine against cholera has been discovered at the Pasteur Institute in Tunis by Doctors Charles Nicolle and Conseil. The two doctors experimented upon themselves, injecting cholera germs hyperdermically and later swallowed them with practically no ill effects.

President William M. Wood of the American Woolen Company was arrested today on an indictment warrant charging him with conspiracy to persecute unlawfully during the general strike of last winter.

A force of five hundred American blue jackets and marines left for Corinto today to reestablish railroad and telegraphic communication with Managua.

Details have been completed by the treasury department for the construction of the four revenue cutters authorized in the closing hours of congress. The commissioning of these new vessels at a total cost of \$925,000 will mark the passing from view of three veteran craft.

Advices received by government officials tell of another landslide at Frank, Alberta, where a few years ago part of the mountain which rises above the town slid down and killed a hundred persons. No details of the latest slide are yet at hand, but it is stated that the people are beginning to leave the town.

The Sun printed the following story from Washington: “A circumstantial story was being told tonight of how a member of President Taft's cabinet has knowledge that Roosevelt was aware of the contribution by the Standard Oil Company to the 1904 campaign. It is said that P. C. Knox, now secretary of state, entered Roosevelt's office while he was dictating a letter to the chairman of the national committee, warning that official that the Standard Oil Company's contribution must not be accepted.”

All of the 123 men accused of the Korean conspiracy trial pleaded not guilty today. Ten of the prisoners testified that their former confession of plotting against the life of Governor-General Count Terauchi had been made after they had been beaten and tortured.

Shortly after one o'clock this morning the wall of John Dragin's house in Vancouver was badly damaged and his kitchen wrecked by a terrific explosion which awakened the neighborhood. Dynamite, in the opinion of the police, was the cause of the explosion and Dragin believed that it was a murderous attempt on his life by a man who a few days ago threatened to kill him.

Mary C. Callahan, wife of Andrew P. Callahan, millionaire manufacturer of Chicago, is today suing for divorce on the grounds of unfaithfulness and extreme cruelty.

As an outcome of the recent affray in Colon, when a civilian was killed and several United States soldiers severely wounded, the state department today made an emphatic demand upon the Panama government to curb the Panama police and end the gross brutality to which American soldiers, sailors and civilians have been subjected. United States Minister Dodge yesterday demanded the removal of Chief of Police Quinajon and Police Captain Delacosa of Colon.

Under the eyes of Secretary of War Stimson and in a drizzling rain the Ninth Cavalry, Fourth Artillery, Eleventh Infantry and the signal corps began maneuvers this afternoon. Target shooting is scheduled for tomorrow. Secretary Stimson and his party will then return to Cheyenne.
